Third quarter 2004 sales Return to growth: +10 % for the quarter

Year-to-date September 30, 2004, CS group posted consolidated sales of €252m. Third quarter sales of €84m were up 10% at constant consolidation and exchange rates over third quarter 2003.

CS managed to strengthen its market position in the air defence business from extensions to the CLA 2000 and SRSA contracts for the Air Force, amounting to a total of €46m.

The Group also pursued growth in the Homeland Security market winning a major contract in the C4I business from the French Ministry of Interior for the deployment of information and command centers covering France for the French National Police.

CS confirms its sales forecast for the full year at a similar level to the prior year.

CS - Executive chief operating officer, Gérard Jousset - is a major player in the design, integration and operation of mission-critical applications and infrastructures. CS is listed on the Premier Marché of the Paris stock exchange and is included in the NextEconomy, MID CAC and IT CAC 50 indices (Euroclear code 7896 -ISIN code FR007317813).
